Memorandum to Mr. C. P. Monroe from R. J. Ivey
RE: WILSON-TERPIL INVESTIGATION

At [redacted] request, I met with Mr. Giuliani where it was decided DOJ would notify Department of Defense (DOD), the CIA, and the White House of this information. I was present when [redacted] telephonically notified, at approximately 2:45 p.m., on 11-6-81. [redacted] General Counsel to CIA, and a [redacted] a Deputy Assistant to Mr. Casper Weinberger. Subsequently [redacted] Assistant to Associate Attorney General Giuliani, notified [redacted] of the White House. b6 -4 b7C -4

Following the above, Associate Attorney General Giuliani discussed the pending request of the HSCI for information in the Wilson-Terpil investigation. Mr. Giuliani was advised by his staff that the HSCI is requesting names of Federal agents working on investigation, all 302's and investigative interviews of FBI and Alcohol, Tobacco and Firearms (ATF), internal FBI correspondence relating to communications to FBIHQ by FBI Agent (now retired) assigned to cover Fort Bragg, North Carolina, and the DOJ prosecutive report on Wilson-Terpil investigation. Mr. Giuliani advised he would soon meet with Congressman Boland to discuss these requests and to offer an oral briefing to the HSCI.

Mr. Giuliani asked me if the FBI would have any objections to DOJ providing an oral briefing which would include aspects of the FBI investigation. I advised him we would not object to the DOJ offering an oral briefing.

COFFEY ADVISED THAT HIS OFFICE CONTACTED THE WARWICK HOTEL ROOM 1703 AND THE TELEPHONE WAS ANSWERED BY A [REDACTED] WHO ADVISED THAT SHE WAS NOT VERY FAMILIAR WITH THE DETAILS, THAT SHE WAS HIRED ONLY TO ANSWER THE TELEPHONE, BUT THAT INDEED THERE WOULD BE A PRESS CONFERENCE AT 12:00.

LACKING OTHER INFORMATION, THE NYO RESPONDED TO THE WARWICK HOTEL TO SECURE BUREAU INTEREST. NYO AGENTS INTRODUCED THEMSELVES TO A GENTLEMAN ACTING AS A HOST WHO TOOK NAMES OF SEVERAL MEMBERS OF THE NEW YORK PRESS CORP ALREADY PRESENT AND SETTING UP LIGHTING AND CAMERA EQUIPMENT. AFTER IDENTIFYING OURSELVES AND ADVISING THE HOST OF OUR INTEREST IN THE FACT THAT A WARRANT EXISTED FOR THE ARREST OF EDWIN WILSON, AGENTS DEMANDED TO SEE "WILSON". THE HOST STATED THAT SOMEONE WHO COULD HELP THEM WAS IN "THE OTHER ROOM". (THE HOTEL ROOM WAS IN FACT A SUITE WITH A SITTING ROOM AND AN ADJOINING BEDROOM). AGENTS DEMANDED ENTRY INTO THE BEDROOM TO LOCATE AND/OR APREHEND WILSON OR DETERMINE WHO WAS IN THE BEDROOM. THE HOST SPOKE WITH THE PERSONS IN THE BEDROOM ON AN INTRACOM WHICH HAD BEEN SET UP OBVIOUSLY FOR THE PURPOSE OF THE PRESS CONFERENCE. THE HOST ANNOUNCED IN THE INTRACOM WITHIN EARSHOT OF MEMBERS OF THE

THERE WAS A DELAY OF SEVERAL MOMENTS DURING WHICH A TABLE WITH MICROPHONES FOR THE PURPOSE OF THE PRESS CONFERENCE WAS PLACED IN FRONT OF THE DOOR LEADING TO THE BEDROOM. THE SUPERVISOR AT THE SCENE (SUPERVISOR [REDACTED]) ORDERED THE TABLE REMOVED AND THE DOOR OPENED SO THAT THE BEDROOM COULD BE ENTERED. A SMALL CHAIR WAS PUSHED AGAINST THE DOOR HOWEVER ENTRY WAS EASILY MADE.

WILSON WAS NOT PRESENT. [REDACTED] OF SPENCER PRODUCTION WAS CONFRONTED AND ADVISED OF THE FBI'S INTEREST IN THE PRESS CONFERENCE. HE IMMEDIATELY ADVISED THAT THE ENTIRE CONFERENCE WAS A HOAX TO PUBLICIZE A NEW YORK BROADWAY PLAY CALLED "JESTOR AT LARGE, THE GREAT AMERICAN HOAXER", NOW SHOWING AT THE LITTLE BROADWAY THEATRE, BROADWAY AND 48TH, NYC. HE EXPLAINED THAT HE AND HIS FIRM, SPENCER PRODUCTIONS, HAS BEEN RESPONSIBLE FOR SEVERAL HOAXES OF THIS NATURE IN THE PAST AND LAST YEAR, PERPETRATED A HOAX ON THE NEW YORK PRESS BY IMPERSONATING IDI AMIN. HE ALSO ADVISED THAT THE HOAX IS SIMPLY A PUBLICITY STUNT AND WAS CONCEIVED AFTER DISCUSSION WITH MEMBERS OF HIS FIRM AS

USE OF FORM 0-73

1. Only incoming teletype messages which require transmission relay may be prepared for transmission using form 0-73. Use of form 0-73 is restricted to incoming teletype messages received within the last 3 days which require transmission relay; all other teletype messages must be prepared using form 0-93.
2. Additions such as notes and administrative data for a specific addressee are not allowed. If a note or administrative data is required for a particular addressee a separate 0-73 form must be prepared.
3. The message will be transmitted just as it appears. The person approving the message is solely responsible for assuring all necessary editing changes have been made.

PREPARATION OF FORM WHICH CONSISTS OF A PREPRINTED YELLOW.

1. Complete appropriate boxes: date, classification & precedence.
2. List addresses immediately following the "TO" or place a check mark in the appropriate boxes.
3. Type or PRINT the subject in the space provided.
4. Print or type originator's name, room number and telephone extension.
5. Indicate approval for transmission by initialing the "Approved By" box.

PREPARATION OF MESSAGE TO BE TRANSMITTED

1. Xerox 1 copy of incoming teletype message. A notation shall be made on the original incoming teletype "1 copy made for relay to SACS _____, (OR LEGATS) _____, (OR GOVERNMENT AGENCIES) _____."
2. Minor editing changes shall be made on the xerox as follows: using a lead pencil ONLY draw single line through the first and last lines of the heading and connect these lines from top right to bottom left forming a "Z," figure. (DO NOT OBLITERATE THE HEADING.) Use horizontal lines to delete sentences or words. Printed changes of a word or two to the text of the message may be made; however, changes to the existing text involving more than a word or two necessitate the originator to initiate a new message using form 0-93.
3. Administrative data or notes may be typed immediately following the text and will be transmitted to all addressees.
4. When using the 0-73 form to disseminate information to field offices, Legal Attaches and other Government agencies simultaneously, the text, notes and administrative data must be identical for all addressees.

REC'D NEGATIVE
FBI

1. Only incoming teletype messages which require transmission relay may be prepared for transmission using form 0-73. Use of form 0-73 is restricted to incoming teletype messages received within the last 3 days which require transmission relay; all other teletype messages must be prepared using form 0-93.
2. Additions such as notes and administrative data for a specific addressee are not allowed. If a note or administrative data is required for a particular addressee a separate 0-73 form must be prepared.
3. The message will be transmitted just as it appears. The person approving the message is solely responsible for assuring all necessary editing changes have been made.

PREPARATION OF FORM WHICH CONSISTS OF A PREPRINTED YELLOW.

1. Complete appropriate boxes: date, classification & precedence.
2. List addresses immediately following the "TO" or place a check mark in the appropriate boxes.
3. Type or PRINT the subject in the space provided.
4. Print or type originator's name, room number and telephone extension.

PREPARATION OF MESSAGE TO BE TRANSMITTED

1. Xerox 1 copy of incoming teletype message. A notation shall be made on the original incoming teletype "1 copy made for relay to SACS _____, (OR LEGATS) _____, (OR GOVERNMENT AGENCIES) _____."
2. Minor editing changes shall be made on the xerox as follows: using a lead pencil ONLY draw single line through the first and last lines of the heading and connect these lines from top right to bottom left forming a "Z," figure. (DO NOT OBLITERATE THE HEADING.) Use horizontal lines to delete sentences or words. Printed changes of a word or two to the text of the message may be made; however, changes to the existing text involving more than a word or two necessitate the originator to initiate a new message using form 0-93.
3. Administrative data or notes may be typed immediately following the text and will be transmitted to all addressees.

USE OF FORM 0-73

1. Only incoming teletype messages which require transmission relay may be prepared for transmission using form 0-73. Use of form 0-73 is restricted to incoming teletype messages received within the last 3 days which require transmission relay; all other teletype messages must be prepared using form 0-93.
2. Additions such as notes and administrative data for a specific addressee are not allowed. If a note or administrative data is required for a particular addressee a separate 0-73 form must be prepared.
3. The message will be transmitted just as it appears. The person approving the message is solely responsible for assuring all necessary editing changes have been made.

PREPARATION OF FORM WHICH CONSISTS OF A PREPRINTED YELLOW.

1. Complete appropriate boxes: date, classification & precedence.
2. List addresses immediately following the "TO" or place a check mark in the appropriate box.
3. Type or PRINT the subject in the space provided.
4. Print or type originator's name, room number and telephone extension.

2. Minor editing changes shall be made on the xerox as follows: using a lead pencil ONLY draw single line through the first and last lines of the heading and connect these lines from top right to bottom left forming a "Z," figure. (DO NOT OBLITERATE THE HEADING.) Use horizontal lines to delete sentences or words. Printed changes of a word or two to the text of the message may be made; however, changes to the existing text involving more than a word or two necessitate the originator to initiate a new message using form 0-93.
3. Administrative data or notes may be typed immediately following the text and will be transmitted to all addressees.
4. When using the 0-73 form to disseminate information to field offices, Legal Attaches and other Government agencies simultaneously, the text, notes and administrative data must be identical for all addressees.

WILSON/TERPIL CONGRESSIONAL INQUIRY

PURPOSE: To advise of DOJ guidance in connection with House Permanent Select Committee on Intelligence (HPSCI) inquiry and an additional inquiry from the HPSCI in connection with their investigation of the Wilson/Terpil matter.

SYNOPSIS AND DETAILS: By letter dated September 28, 1981, from Chairman Boland to the Attorney General, a request was made for Department of Justice cooperation with the Committee in its investigation of the Wilson/Terpil matter. On November 23, 1981, Bob Ivey was requested to review for the HPSCI communications between January, 1977, and December 1978, between Fayetteville, North Carolina, FBI Resident Agency and FBI Headquarters regarding investigation of recruitment of United States Special Forces for work in Libya. By memorandum from the Director to the Associate Attorney General dated November 30, 1981, we released expurgated copies of those documents. It was our view that allowing Committee staff to review this material would materially interfere with our investigation.

On November 30, 1981, a meeting of the Department of Justice at which General Counsel [redacted] and Professional Staff Member [redacted] of HPSCI were present. [redacted] inquired as to who at the FBI and the Department of Justice should be the recipients of requests from the Committee pursuant to their September 28, 1981, letter. [redacted] Deputy Assistant Attorney General, Criminal Division, and [redacted] Congressional Affairs Unit, were designated to receive requests from the Committee for processing through appropriate channels at FBI Headquarters and the Department of Justice. [redacted] advised that the standard to be used in determining whether or not to release information to the Committee would be whether or not the release of information is "articularly prejudicial". [redacted] suggested and it was agreed that a [redacted] ion would be disseminated by the Department of Justice to the HPSCI.

Subject : TERPIL-WILSON

PURPOSE: To record action being taken concerning possible interviews of Mike Wallace and Barry Landau of CBS's "60 Minutes" TV show about their interviews of Terpil and [redacted] just before their disappearance.

DETAILS: On December 15, 1981, you met with Don Hewett, Executive Producer of CBS's "60 Minutes" TV show. He stated that he was wondering if the FBI was interested in interviewing Wallace and Landau following their recent interviews abroad of Terpil and [redacted]. He also wondered if the FBI would be interested in viewing unused video film footage obtained during the interviews. It is noted Terpil and [redacted] disappeared following the TV interview for "60 Minutes."

b6 -1, -2
 b7C -1, -2

In discussing proper action to be taken with you on December 16th, you instructed me to ascertain what our investigative responsibilities had been in the Terpil-Wilson matter, as well as to learn what the interviews of Terpil and [redacted] consisted of that was aired on "60 Minutes." You further instructed me to determine, possibly through the Intelligence Division, if CIA should participate in any proposed interviews of Wallace and Landau and also should view any of the unused video film footage mentioned by Hewett. Following my conversation with you, I instructed Mr. Castonguay to develop this information so I can make my recommendations to you.

Dear Judge Webster: *Edwin Paul*

The Select Committee has recently received briefings on certain aspects of the Wilson/Terpil matter from representatives of the Central Intelligence Agency and the Department of Justice. The Committee is most concerned about the ability of our intelligence and law enforcement agencies to prevent a recurrence of these kinds of activities. To this end, we have directed the Committee staff to work with the departments and agencies concerned to determine what improvements are needed in our laws and administrative controls.

Accordingly, the Committee requests the assistance of the Federal Bureau of Investigation in providing the basic facts relating to the Wilson/Terpil matter and an analysis concerning deficiencies in current laws and regulations and possible remedial legislation or changes in agency guidelines. The issues of interest to the Committee include:

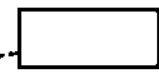

- (1) The adequacy of existing administrative and legal controls on regular and contract employees of intelligence agencies, including their post-employment relationships with foreign governments or political factions.
- (2) The efficacy of coordination between the Armed Forces, particularly the Special Forces, and the intelligence agencies.

We ask that you prepare a written report for the Committee concerning the foregoing matters to the extent that they are relevant to the Bureau's responsibilities. We may also be calling upon representatives of the Bureau to testify at additional closed briefings.

LETTER OF NOVEMBER 5, 1981 FROM ACTING
CHAIRMAN MOYNIHAN, SENATE SELECT COMMITTEE
ON INTELLIGENCE

Edwin Paul

In referenced letter Senator Moynihan advised that the Committee, in analyzing the Wilson/Ternil matter, had identified several concerns on which he was requesting the FBI's comments. Specifically the Committee is interested in the existence of any guidelines on employment for former employees of intelligence agencies, the adequacy of existing laws dealing with aiding foreign terrorist activities, and the extent of cooperation between intelligence agencies.

In the attached letter which you are requested to review and forward to the Committee, I have advised Senator Moynihan that the Bureau's views will be provided to the Department of Justice, which will prepare a single response to the Committee. The FBI's comments on issues raised in the referenced letter are set forth below.

The Committee inquired as to the existence of any administrative or legal controls regarding the subsequent employment of former intelligence agency personnel. Although there is nothing to preclude a former FBI employee from working for any foreign government, there are laws or guidelines that address the disclosure of classified or other non-classified information found in FBI files. Criminal sanctions for passing sensitive information, which relates to the national defense or is prejudicial to the interest of the United States, to a foreign government or an unauthorized person are set forth in the Espionage statutes found in Chapter 37 of Title 18, United States Code. Executive Order 12065 only provides for administrative sanctions against current employees who violate this order's guidelines on classification, declassification, access and control of sensitive documents.

The FBI makes every effort to impress employees with the sensitivity of information to which they have access and the seriousness of any misuse of such information. At the time of employment, employees are required to sign an agreement (attached) which outlines the laws and regulations which address disclosure of sensitive materials or information learned because of FBI employment. Also at the time employment is terminated, the employee is again cautioned about divulging confidential information acquired while working for the FBI.

The Committee also requested comments on the adequacy of existing laws relating to terrorist activities or aid to terrorists. Although there is no omnibus anti-terrorism statute, there are other statutes which address many criminal acts which are in support of terrorism. For example, in the Wilson/Terpil case the charges related to violating 18 U.S.C. 844(d) (transportation of explosives in foreign commerce); 49 U.S.C. 1809 (b) (unlawful transportation of hazardous materials in foreign commerce); 22 U.S.C. 2778 (c) (unlawful export of articles listed on the United States Munitions list); and 18 U.S.C. 951 (Foreign Agents Registration Act). However, there is no Federal violation for a terrorist act against a person. For example, a murder committed by a terrorist or at the instigation of a terrorist group is only a violation of state law. In the Wilson/Terpil case, two of the defendants who conspired to kill a defector from the Libyan Revolutionary Council who resides overseas, could only be charged with a violation of the District of Columbia Code and only because the conspiracy took place, in part, in Washington, D.C. Also, the Racketeer Influenced and Corrupt Organizations (RICO) Statutes (18 United States Code 1962 - 1968), although not used in the Wilson/Terpil case, have been successfully used against the anti-Castro Cuban group, Omega 7, and the Croatian terrorist groups.

The Committee also inquired as to the effectiveness of cooperation and coordination between concerned agencies or the Armed forces. In the Wilson/Terpil case, the FBI has worked very closely with those agencies also involved in the investigation.

NOTE: Upon receipt of the Committee's letter, the Congressional Affairs Unit (CAU) spoke with [redacted] Criminal Division, DOJ, to determine the thrust of the Bureau's response and the format it should take. Thereafter CAU prepared the response after coordinating with representatives of CID, INTD, ASD, and [redacted]. The response reflects use of the RICO statutes, which though not used in the Wilson/Terpil case, has been beneficial in other terrorist investigations.

Although 18 U.S.C. 207 (The Ethics in Government Act) disqualifies former Government employees from representing anyone in a matter which was pending or in which they were involved during their Government employment this statute would not restrict subsequent employment. This section was intended to deal with the problem of the disproportionate influence that former employees might have on decision-making in their previous agencies when they represent other's interests before the same agency.

EMPLOYMENT AGREEMENT

As consideration for employment in the Federal Bureau of Investigation (FBI), United States Department of Justice, and as a condition for continued employment, I hereby declare that I intend to be governed by and I will comply with the following provisions:

(1) That I am hereby advised and I understand that Federal law such as Title 18, United States Code, Sections 793, 794, and 798; Order of the President of the United States (Executive Order 12065); and regulations issued by the Attorney General of the United States (28 Code of Federal Regulations, Sections 16.21 through 16.26 and Sections 17.57 through 17.64) prohibit loss, misuse, or unauthorized disclosure or production of national security information, other classified information and other nonclassified information in the files of the FBI; and the Privacy Act of 1974, Title 5, United States Code, Section 552a, which prohibits the unauthorized, wilful disclosure of individually identifiable information contained in the records of a Federal agency.

(2) I understand that unauthorized disclosure of information in the files of the FBI or information I may acquire as an employee of the FBI could result in impairment of national security, place human life in jeopardy, or result in the denial of due process to a person or persons who are subjects of an FBI investigation, or prevent the FBI from effectively discharging its responsibilities. I understand the need for this secrecy agreement; therefore, as consideration for employment I agree that I will never divulge, publish, or reveal either by word or conduct, or by other means, disclose to any unauthorized recipient without official written authorization by the Director of the FBI or his delegate, any information from the investigatory files of the FBI or any information relating to material contained in the files, or disclose any information or produce any material acquired as a part of the performance of my official duties or because of my official status. The burden is on me to determine, prior to disclosure, whether information may be disclosed and in this regard I agree to request approval of the Director of the FBI in each such instance by presenting the full text of my proposed disclosure in writing to the Director of the FBI at least thirty (30) days prior to disclosure. I understand that this agreement is not intended to apply to information which has been placed in the public domain or to prevent me from writing or speaking about the FBI but it is intended to prevent disclosure of information where disclosure would be contrary to law, regulation or public policy. I agree the Director of the FBI is in a better position than I to make that determination;

(3) I agree that all information acquired by me in connection with my official duties with the FBI and all official material to which I have access remains the property of the United States of America, and I will surrender upon demand by the Director of the FBI or his delegate, or upon separation from the FBI, any material relating to such information or property in my possession;

(4) That I understand unauthorized disclosure may be a violation of Federal law and prosecuted as a criminal offense and in addition to this agreement may be enforced by means of an injunction or other civil remedy.

I accept the above provisions as conditions for my employment and continued employment in the FBI. I agree to comply with these provisions both during my employment in the FBI and following termination of such employment.

Subject: WILSON/TERPIL MATTER

PURPOSE: To advise you of information received concerning possible date of FBI testimony in connection with captioned matter and to make recommendations in connection therewith.

DETAILS: On January 18, 1982, Unit Chief, [redacted] Congressional Affairs Unit, was telephonically advised by professional staff member [redacted] House Permanent Select Committee on Intelligence, that plans were being formulated by staff for hearings in connection with captioned matter and that the FBI had been "penciled in" for testimony on February 3, 1982. She advised that this would be finalized the week of the 25th of January when the members returned. She did not know who would be requested to testify. She further advised that in connection with Committee's inquiry she would like at this time to speak with Headquarters personnel in connection with her findings and possible testimony.

b6 -1
 b7C -1

She advised that a review of the documents received by her indicates a delay of 8 months between the time information was sent to Headquarters indicating a possible Neutrality Act violation and the time at which Headquarters responded to that information. She advised that she is unsure as to whether the delay was strictly one of failure to properly supervise the case; if there was some other policy reason for the delay; and if the delay was otherwise intentional, the reason behind it.

Date of transcription

The following interview was conducted on Friday, January 8, 1982, at [redacted] New York City by Deputy Assistant Director in Charge (DADIC) [redacted] Federal Bureau of Investigation (FBI) New York Office; Special Agent in Charge (SAC) [redacted] Alcohol, Tobacco and Firearms (ATF) Washington District; and Associate General Counsel [redacted] Central Intelligence Agency (CIA), Langley, Virginia:

[redacted] Columbia Broadcasting System (CBS) furnished the following information in regard to questions asked:

He was advised that the FBI is vitally interested in preventing the loss of life or property as a result of terrorist activity. Therefore, did any information come to his attention concerning actual or potential threats to life or property that would assist the FBI in its efforts to prevent terrorist acts directed by Libya?

[redacted] replied, "No."

Because the activities of WILSON/TERPIL span continents and cross national boundaries, it is noted that many of these activities, although illegal, are outside the purview of the FBI. He was asked what information did he receive that would indicate illegal activity on the part of TERPIL, [redacted] or WILSON?

He replied nothing other than what was on the air in the "60 Minutes" telecast. He indicated that primarily TERPIL provided additional allegations but they were not satisfied that the allegations were legitimate after they were checked out by CBS. He refused to identify by name the individuals referred to or to provide details of the allegation.

He was asked if he could identify the attorney that [redacted] claimed receive a message from the FBI.

He replied, "Yes," but he would not provide the name.

He was asked if a name was provided to him, as already being known by the FBI, he would acknowledge that it was accurate in an effort to save the Federal investigative agencies from unnecessary investigation. He indicated he was perhaps in agreement with that. He was asked if [redacted] (PHONETIC) was the attorney. [redacted] replied he did not know off the top of his head, but would check it out and advise the FBI.

[redacted] was asked to further identify those individuals assigned to the Military Assistance Group (MAG) in Iran who were furnished advance information on contracts. b6 -2, -3
b7C -2, -3

[redacted] declined to answer that question and indicated, "That's your job, not mine."

He was asked if TERPIL identified any active duty CIA officials who were selling current CIA situation reports to people outside the CIA.

He indicated not current CIA employees, and further indicated that those whom TERPIL discussed may have been former CIA employees but since he did not know who was and was not CIA employees, he could not properly answer that question. He refused to provide any details or names.

[redacted] was asked if he or CBS had developed any information to indicate TERPIL [redacted] may have been selling weapons and ammunition to "revolutionaries", i.e., terrorists as a conduit for a United States Government operation. b6 -2, -3
b7C -2, -3

His initial answer was "No." However, [redacted] went on to say that [redacted] alleges, and he has no reason to doubt [redacted] that after being arrested by New York City authorities, he was contacted by the United States Navy pertaining to assassination weapons, silenced weapons and various electronics devices. He said it was his impression that one hand did not know what the other was doing or that both hands knew and didn't care. He stated he had to believe that someone told them to get out of town, and he was puzzled by the ease by which they departed, if, in fact, they were under FBI surveillance.

He was asked if TERPIL provided any information regarding the use of former Special Forces or other military personnel by QUDAFFI to train terrorists in Libya.

He replied, "No."

NY [redacted]

88-19278

b3 -1
b7E -1

He was asked if either TERPIL or [redacted] discussed, on or off the record, any plans by QUDAFFI or the Libyan Government to assassinate President REAGAN or other United States Government officials.

He said there was no discussion of any assassination plot.

He was asked if either TERPIL or [redacted] furnished any information that would assist the FBI in its efforts to locate and apprehend WILSON, TERPIL [redacted]

He stated that the FBI should already know, because the State Department does, that [redacted] is alive and well and living in Beirut. He indicated [redacted] is in frequent telephonic contact with [redacted]. He stated that the FBI already knows where WILSON is or was and his telephone number, and he has no information as to the whereabouts of "the fat fuck", which is undoubtedly TERPIL. In an inadvertent response to that question, [redacted] volunteered that the source of his information relative to TERPIL [redacted] not further identified. b6 -2, -3
b7C -2, -3

He was asked if TERPIL identified any former CIA associates or other United States Government employees, including members of the Armed Forces who were working for and associated with him. If so, did TERPIL provide any details regarding their activities. b6 -2, -3
b7C -2, -3

[redacted] replied that they provided nothing that he or his staff could corroborate. He said by virtue of their inability to corroborate it, it would have been irresponsible to use it. In response to a question as to whether or not he would provide this information to the Federal Government, he declined, indicating it is not his job to provide lead data to Governmental investigative agencies.

He was asked if CBS has any information to indicate that the CIA was aware of TERPIL's dealings with QUDAFFI in the past.

He indicated that with the exception of his statement made in the telecast of "60 Minutes," there was nothing other than that, noting that [redacted] could provide you all you need on that."

He was asked if he would provide the "out-takes" for review by Federal investigative agencies. He indicated that he would have to contact his superiors and he would make the request, but he did not think that they would agree. When initially contacted by the FBI, his superiors instructed him to go no further in the interview other than what had been aired previously on the "60 Minutes" show.

He stated that while they would like to cooperate relative to the Libyan assassination team, it was not their business to acquire this information for the purpose of providing lead data to investigative agencies. b6 -2, -3, -4

The following questions were asked of [redacted]
by CIA Associate General Counsel [redacted]

[redacted] He was asked if during the interview of TERPIL and he got the impression that they were in touch with foreign intelligence services.

[redacted] replied that he could not answer that question since that would put him in the position of "breaking the code." Because of the manner in which he answered the question and his demeanor in answering it, it was the collective impression of the interviewers that he did, in fact, receive that impression.

He was asked if there was any indication of active duty CIA personnel providing assistance to either TERPIL or [redacted]. He indicated he had no such evidence.

He was asked if there was any indication that [redacted] or TERPIL had methods of obtaining classified information from CIA. [redacted] replied, "I don't know where they're getting it." b6 -2, -3
b7C -2, -3

He was asked if it was his impression that either [redacted] or TERPIL was trying to represent that they had some type or connection with the CIA. [redacted] replied initially, "No", and then in reflection added if you were in their position, wouldn't you.

At the outset of the interview, before any questions were asked of [redacted] he indicated that [redacted] was currently in Beirut at his residence and had been there since New Year's Day. He indicated that [redacted] (PHONETIC) were in contact with [redacted]. He also indicated that he intended to air this fact in an upcoming "60 Minutes" program, pertaining to the whereabouts of [redacted].

[redacted] indicated that he would attempt to determine whether or not [redacted] was in fact the attorney referred to in the third question and would contact his superiors relative to the acquisition of the "out-takes" and would contact the FBI upon receipt of that information. b6 -2, -3, -4

The interview was terminated.

At 5:15 PM January 8, 1982, [redacted] telephonically contacted DADIC [redacted] and advised that the "out-takes" would not be available to the FBI as he was informed by his superiors that they would not be made available. He also advised that in reviewing his material, [redacted] never did advise him of the name of the attorney who allegedly received a message from the FBI; therefore, he could not confirm that the attorney's name may have been [redacted]

At 6:50 p.m. on Friday evening, [redacted] received a telephone call from [redacted] who advised he and [redacted] had a request to make of the FBI. [redacted] then came on the line. [redacted] advised that "our friend" has returned from overseas and has brought some material with him. [redacted] requested that the FBI send a Laboratory expert to open a small package in such a manner as to not destroy any evidentiary value it might have. I inquired as to the nature of this material and was advised that it was a sealed envelope with about 15 sheets of paper inside and it was addressed to [redacted]. I asked if [redacted] was aware of the existence of this package and that it was being opened. [redacted] indicated he was not but that this was part of the "scam" to get "our friend" back. I understood this to mean that the envelope was being sent from subject Wilson purportedly to contain information of value to the U. S. Government. I told [redacted] I would send somebody over who was familiar

with the Wilson investigation to get the facts of this matter since we did not want to discuss details over the telephone. I advised [redacted] that I had concerns about opening a package destined to another person without that party's authority or Attorney General authorization. I suggested he might wish to contact Richard Willard or [redacted] with whom we have been involved in similar situations in the past.

I contacted Section Chief Ivey and instructed that his Assistant Section Chief [redacted] who was also still in the office, proceed to [redacted] office to get the facts concerning this envelope. I then called [redacted] and related what facts I had concerning the request to him. [redacted] suggested that the best procedure would be for [redacted] to be contacted by [redacted] advised that this was part of a DOJ investigation, and request permission to open the envelope addressed to him. Otherwise, based on the limited facts available at that time, [redacted] suggested the next best course would be to obtain specific authorization of the Attorney General for the opening of the envelope. I had told [redacted] the envelope was described to me as having stamps on it which indicated mailing but may have been brought into the country by the DOJ intermediary who had contact with Wilson in Libya.

b6 -1, -2, -3

At 7:40 p.m., I recontacted [redacted] office and learned that the meeting had broken up, that he and [redacted] had gone home, and [redacted] was enroute back to FBIHQ. [redacted] subsequently reported to me that a decision had already been made prior to his arrival and he was told only that the envelope would be opened by DOJ personnel and then sent to the FBI for fingerprint and possibly other examination on Monday, 1/18/82.

During our initial conversation, [redacted] had indicated to me that Assistant U. S. Attorney [redacted] was with them and that Secret Service wanted to know what was in the envelope. I do not know what other agencies were involved in that meeting nor what the current status of the "scam" operation to bring Wilson back into the United States is. As of 3:30 p.m., 1/18/82, we have not received the envelope nor any further requests from [redacted]

USE OF FORM 0-73

FEB 18 2 51 PM '87

1. Only incoming teletype messages which require transmission relay may be prepared for transmission using form 0-73. Use of form 0-73 is restricted to incoming teletype messages received within the last 3 days which require transmission relay; all other teletype messages must be prepared using form 0-93.
2. Additions such as notes and administrative data for a specific addressee are not allowed. If a note or administrative data is required for a particular addressee a separate 0-73 form must be prepared.
3. The message will be transmitted just as it appears. The person approving the message is solely responsible for assuring all necessary editing changes have been made.

PREPARATION OF FORM WHICH CONSISTS OF A PREPRINTED YELLOW.

1. Complete appropriate boxes: date, classification & precedence.
2. List addresses immediately following the "TO" or place a check mark in the appropriate boxes.
3. Type or PRINT the subject in the space provided.
4. Print or type originator's name, room number and telephone extension.
5. Indicate approval for transmission by initialing the "Approved By" box.

PREPARATION OF MESSAGE TO BE TRANSMITTED

1. Xerox 1 copy of incoming teletype message. A notation shall be made on the original incoming teletype "1 copy made for relay to SACS _____, (OR LEGATS) _____, (OR GOVERNMENT AGENCIES) _____."
2. Minor editing changes shall be made on the xerox as follows: using a lead pencil ONLY draw single line through the first and last lines of the heading and connect these lines from top right to bottom left forming a "Z," figure. (DO NOT OBLITERATE THE HEADING.) Use horizontal lines to delete sentences or words. Printed changes of a word or two to the text of the message may be made; however, changes to the existing text involving more than a word or two necessitate the originator to initiate a new message using form 0-93.
3. Administrative data or notes may be typed immediately following the text and will be transmitted to all addressees.
4. When using the 0-73 form to disseminate information to field offices, Legal Attaches and other Government agencies simultaneously, the text, notes and administrative data must be identical for all addressees.

Honorable William H. Webster, Director
Federal Bureau of Investigation
J. Edgar Hoover Building
Washington, D.C. 20535
Dear Mr. Webster:

The Committee will be conducting hearings during the first week in February on the activities of Edwin P. Wilson and Frank Terpil, particularly as they involved U.S. intelligence agencies. One aspect of the inquiry will be on the recruitment of active duty and former U.S. Army Special Forces personnel by Wilson's associates for the purpose of providing training to the Libyan military.

I invite you to provide a witness for the hearing at 9:30 a.m., February 4, who is knowledgeable as to the role of the FBI in relation to that recruitment effort, particularly with regard to the 1977 recruitment of [redacted] and others at Ft. Bragg, North Carolina and in Fayetteville, North Carolina. The Committee is also interested in how the FBI, Army Intelligence and the CIA coordinate their activities in such cases.

If you have any questions concerning this hearing, please contact [redacted] the Staff Director.

With every good wish, I am

Sincerely yours,

Edward P. Boland
